

HOCKEY by BAUER

Central Wisconsin's #1 Summer Hockey Development Program!

● Our 19th Summer Season of Small Games & BIG Results ●

Proven Format

WE GUARANTEE FUN! HbB's small game approach provides players with that missing link to the crucial development that "rat hockey" supplied in the past. Our loose structured games provide a combination of high paced skill and mind development. There will be no long lines & waiting. Our games are fast moving forcing players to develop their skills while making game like decisions. **Small Area Games are a proven method to improve Hockey IQ.** Unlike a one week camp we provide the needed repetition of skills.

Small Games Help Cure

- Playing with head down
- Poor decision making
- Fear of making mistakes
- Lack of confidence

Our Staff

All of our head instructors are high school head or assistant coaches. It is their profession—they know how to teach the game. All are firm believers in the small game method. They are coaches—teaching is what they do best!

BAUER CUP

Both Summer Development Groups I & II will participate in the Bauer Cup 3 on 3 Tournament the final two weeks of the program. Winning teams receive a t-shirt & get their name engraved on the Cup.
